Companies & Contacts
Our deal tracking tool and sales pipeline dashboard give you a current, comprehensive view of all your sales activities. Know where every customer is in the sales cycle, deal size, contact history, even competitor information to help craft more effective CRM messaging. Reports & Dashboards provide a smooth, accurate read of everything happening.
Marketing Campaigns
You can develop targeted marketing campaigns based on customer profile and history. Execute email campaigns around time-sensitive promotions and opportunities with unlimited email. Track marketing in real-time, focus and improve the quality of your lead generation. Print, SMS, calling and email campaigns are all included. Utilize our Promotions feature to track loyalty and give customers benefits.
Mobile iOS & Android
Free CRM works great on phones and tablets straight out of the box. All you need to do is fire up your browser and go, with no app to download. Free CRM works great on tablets, too. Make it easy by adding a mobile phone bookmark or shortcut, and you will always be able to access the CRM from anywhere on any device.
Deals & Sales Pipeline
Our deal tracking tool and sales pipeline dashboard give you a current, comprehensive view of all your sales activities. Know where every customer is in the sales cycle, deal size, contact history, even competitor information to help craft more effective CRM messaging. Task & Event Tracking
Tracking tasks, issues, and sales give you complete visibility into the time you and your team members are spending on any given Deal or Issue. Bringing work items into Free CRM enables teams to better close deals and issues together. Management gets the visibility they need into quality, satisfaction, and responsiveness, and your group is more organized, from beginning to end, closing business and managing customer support.
Group Calendar
Free CRM group calendar is a great way to manage and see your schedule and your employees' daily, week, and monthly scheduled activities and customer meetings, calls, and everything else. You can track upcoming events, set reminders, create tasks and enter notes, attach files to calendar activities, associate calendar entries with one or more contacts and assign tasks to one or more co-workers.
Calls & Voice
Free CRM has powerful call tracking and call scheduling and automation features that set it apart from the rest. Most other CRM systems do not have robust call scripting, follow up, scheduling and call
